AUTHOR AND TITLE INDEX TO VOLUME 65

In this Index in alphabetical order are the names of the authors of all articles and the presenters of cases in Society Transactions, followed by the title of the article or case presented and the page numbers on which their articles or cases begin. The asterisk (*) preceding the page number indicates an original article, case report, review article, or special article. Numbers in the Index refer to bold face (dark) numbers in the text.

For Subject Index see page [189-917].

SUBJECT INDEX TO VOLUME 65

The following Index contains an alphabetical list of all significant subjects presented in the volume. Books reviewed are listed alphabetically by title under the heading "Books." Society Transactions are listed under that heading, with individual papers indexed under appropriate headings. Page numbers in the Index refer to bold face (dark) numbers in the text.

A

Abducent nerve
sixth nerve palsy due to furaltadone (Altafur) [Smith & Creighton], *61

Accommodation
and applanation tonometry [Armaly & Rubin], *415

ACTH: See Corticotropin

Age
carbohydrate metabolism in rat lens as related to age of animal [Lerman], *181
retinal vascular patterns [Kuwabara et al.], *708

Airidia
family study of [Grove et al.], *81

Allergy
catgut, in eye muscle surgery: correlation and comparison of eye reaction and skin test after use of plain and chromicized catgut [Apt. et al.], *474

Alpha-chymotrypsin: See Chymotrypsins

Altafur: See Furaltadone

American Academy of Ophthalmology and Otolaryngology
65th annual business meeting, Chicago, Oct. 1960; exhibits; officers, 160

American Medical Association
annual meeting, New York City, June 1961, 771

American Orthoptic Council
orthoptic technicians' examination, August and October 1961, 716

Amino acids: See under Proteins

Anemia
macroglobulinemia and forms of: electroretinogram in case of [Burian], *111
pernicious: centrocecal scotomata as presenting sign in [Lerman & Feldmahn], *381

Ankyloblepharon: See under Eyelids

Announcements, 160, 318, 470, 581, 619, 683, 716, 771, 907

Annual reviews
cornea and sclera [Thomas], *243
lens and vitreous [Irvine], *592
lids, lacrimal apparatus, and conjunctiva [Theodore], *130

Annual Reviews—continued
optics and visual physiology [Syndacker], *859
retina and optic nerve [Klein], *717
uveal tract [Kimura], *457

Anterior chamber
fibrinolysis in, of rabbit eye [Schaeffer et al.], *699
narrow angle of: congenital miosis associated with abnormally placed iris tissue and [Veirs & Brown], *59
polyethylene tube implantation into, of rabbit: studies on intraocular pressure [Kupfer], *565

Antistreptodornase: See Streptodornase

Apparatus and Instruments
buried rubber tubes in nasolacrimal duct stenosis [Irvine], *192
corneal bending and buckling in tonometry [Marg et al.], *67
new electronic instrument for precise surgery for retinal detachment [Hill et al.], *680

Appointments
Boies, Dr. Lawrence R., 160

Aqueous floaters
nature of, due to sympathomimetic mydriatics [Mitsui & Takagi], *626

Aqueous humor
proteins in uveitis: immunoelectrophoretic and gel diffusion studies [Peretz & Tomasi], *20

Arachnodactyly: See Marfan's syndrome

Arteries
arterial occlusions: central retinal and internal carotid [Smith], *550

Ascorbic acid: See Vitamins, C

Association for Research in Ophthalmology, Eastern Section
meeting, Bethesda, Md. Feb. 1961, 903

Awards
exhibits: American Academy of Ophthalmology and Otolaryngology, 65th annual meeting, Chicago, Oct. 1960, 160
Howe: to Dr. Francis Adler, 770

B

Blindness
due to aniridia: family study of aniridia [Grove et al.], *81

Blood
circulation of human orbit: collateral [Gillilan], *684
urea nitrogen levels after intravenous urea administration [Galin et al.], *805

Blood cells
erythrocytes: See Erythrocytes

Blood proteins: See Serum globulin

Books
Correction of Subnormal Vision [Bier], 906
Year Book of Ophthalmology 1960-1961 Series [Hughes, ed.], 906

Brain
intracranial vascular anomalies: migrainoid symptoms associated with [Reinecke], *808
tumor: hyaline bodies of optic nerve and intracranial [Stiefel & Smith], *814

British Columbia Oto-Ophthalmological Conference
spring conference, Vancouver, B.C., May 1961, 160

Bromide
turnover of, rabbit eye [Becker], *837

Brushfield's spots
significance of spotting of iris in mongoloids [Donaldson], *26

C

Capillary micraneurysms
diabetic, of retina [Wolter], *847

Carbohydrates
metabolism in rat lens as related to age of animal [Lerman], *181

Carcinoma
of conjunctiva after enucleation: case report [Fielder & Costin], *669

Carotid artery: See under Arteries

Cataract
extraction: corneal sensitivity after [Schirmer & Mellor], *433
galactose, experimental: pathogenetic factors in [Lerman], *334
postoperative cataract patients: corneal contact lens trial sets for [Welsh], *427
surgery (annual review) [Irvine], *592
surgery: enzymatic zonulolysis as aid in [Kennedy et al.], *801
surgery: stability of alpha-chymotrypsin (Zolyse) as chemical adjunct to [Watts & Martin], *24

Catgut
allergy in eye muscle surgery: correlation and comparison of eye reaction and skin test after use of plain and chromicized catgut [Apt et al.], *474

Cell production
cell turnover in adult human eye [Hanna et al.], *695

Chiasm
gangioneuroma of optic nerves and [Cogan et al.], *481

Chiasmal syndrome
suprasellar osteochondroma with [Richards & Thompson], *437

Chorioretinitis
(annual review) [Klein], *747

Choroid
coloboma of: retinal detachment associated with [Jesberg & Schepens], *163

Chymotrypsins
alpha-chymotrypsin: enzymatic zonulolysis as aid in cataract surgery [Kennedy et al.], *801
alpha-chymotrypsin (Zolyse): stability, as chemical adjunct to cataract surgery [Watts & Martin], *24

Collagen
scurvy, ascorbic acid concentration, and collagen formation in guinea pig eye [Sabatine et al.], *32

Coloboma
of choroid: retinal detachment associated with [Jesberg & Schepens], *163

Color vision
(annual review) [Syndacker], *876

Conjunctiva
carcinoma of, after enucleation: case report [Fiedler & Costin], *669
hematomas: experimental use of enzymes for hyphemas and [Daily & Tuttle], *410
keratoacanthoma of [Freeman et al.], *817
lids, lacrimal apparatus, and (annual review) [Theodore], *130

Contact lenses
contact lens gap — delegation or default? (editorial), 161
cornea and sclera (annual review) [Thomas], *243
corneal: trial sets for postoperative cataract patients [Welsh], *427

Cornea
anatomy and histology (annual review) [Thomas], *243
anomalies, congenital (annual review) [Thomas], *259
bending and buckling, corneal, in tonometry [Marg et al.], *67
contact lens, corneal, trial sets for postoperative cataract patients [Welsh], *427
donor: in vitro procedure for determining transparency of fresh and preserved [Stocker et al.], *703

Cornea—continued
dystrophy and degeneration (annual review) [Thomas], *260
dystrophy, deep, hereditary nonprogressive [Kwedar], *127
endothelium, corneal: tritium retention after incorporation of H^3 - thymidine [Bito & Harding], *553
grafts: late clouding of experimental corneal [Nelken et al.], 584
inflammations and ulcers (annual review) [Thomas], *262
manifestations in generalized diseases (annual review) [Thomas], *274
opacities in patient with cryoglobulinemia and reticulohistiocytosis [Oglesby], *63
physiology (annual review) [Thomas], *247
radiation treatment (annual review) [Thomas], *282
sclera and (annual review) [Thomas], *243
sensitivity after cataract extraction [Schirmer & Mellor], *433
toxic and allergic manifestations (annual review) [Thomas], *267
tumors (annual review) [Thomas], *270
